OPEN HOUSE TO WELCOME DR. AND MRS. SCHNITKE ON NOV. 15

Two of Bethel's newest residents, Dr. and Mrs. Sidney M. Schnitke, will be honored at open house welcoming them to the Bethel community, to be held on Sunday, Nov. 15, from 2 to 5 p. m. at the home of Thomas Caton, on Broad Street. An open invitation is extended to members of the Bethel community to visit and meet Bethel's new physician and his wife.

The Schnitkes first came to Bethel last spring in response to an ad, and subsequent invitation, of the Bethel Health Council. The Council, and community representatives, were pursuing their major community project of seeking another physician for the Bethel area. The Schnitkes expressed an interest in locating here if suitable housing and office space could be found. With the assistance of the Health Council, interested town officials and community citizens, the Schnitkes arranged to rent the Pat Bennett home on Paradise Road and to purchase the Rose Bartlett house nearby to renovate as an office.

Dr. Schnitke, a practicing physician for the past 30 years and formerly of a New York City suburb, has held a long desire to be a country doctor. Although settled in his new quarters for just a short time, he readily admits his love for Maine and the relaxed pace of Bethel community living. Dr. Schnitke is a New York City native and received his B. S. degree from the City College.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We in the town office would like to thank all the candidates and their assistants for the courtesies and cooperation they extended during the recent campaign. This was very much appreciated as it was the first major election for both Mrs. Young and myself. The most of the people involved have had considerable experience preparing for elections. The fact they were willing to share their knowledge, even though it might not be to their advantage, was very helpful.

The overnight parking ban is now in effect. This became effective Nov. 1 and lasts until April 1. Vehicles left overnight are subject to being towed away at the owner's expense.

There will be no more street opening permits issued this year unless there is an extreme emergency. Cold weather prevents us from patching the road surface creating holes that cannot be satisfactorily repaired until spring.

PSYCHOLOGIST WILL SPEAK AT AUXILIARY MEETING NOV. 10

Doris Corrin, psychologist, executive director of the Oxford County Mental Health Services, will be guest speaker at the next meeting of the Rumford Community Hospital Auxiliary to be held on Tuesday, Nov. 10, at 2 p. m. in the new continuing education center at the nurses residence, as announced by Mrs. Richard Theriault, president. Corrin, a native of South Dakota, earned his Bachelor of Arts degree at Dakota Wesleyan University and received his Master of Science degree at North Texas State University. He came to Maine where he was employed at both the Augusta State Hospital and Pine Island Hospital and Training Center.

Later, he accepted a position with the State of Illinois for a three year period. During this time he worked with the Comprehensive Community Mental Health Center of Rock Island and Mercer Counties, and served as the coordinator of the Alcoholism Treatment Center at East Moline. He returned to Maine last fall and started his present position in Dec. 1969. His Rumford office is located on the top floor of the nurses residence. He also consults at the Norway office located at Stephens Memorial Hospital for ten days a week.

Corrin will speak to the Auxiliary on the mental health program in this area. Mrs. Theriault will preside at the business meeting of the Auxiliary and give a report on Hospital Fair proceeds to date.

S. A. D. 44 DIRECTORS APPROVE 1,044 VOTERS CAST BALLOTS IN BETHEL TUESDAY

An unofficial count of 1,044 voters cast ballots Tuesday in the general election at Bethel. This was the best turnout of local voters for an off-year election in at least the last 10 years and was exceeded in that time period only by the presidential elections of 1960, 1964, and 1968.

Mrs. E. Louise Lincoln of Bethel was returned to the State Legislature by about a 5 to 4 margin, defeating Raymond Harrington of Greenwood, by district totals of 1,176 to 935.

Other County legislative winners were: Albert Theriault, Rumford; Emilio J. Fraser, Mexico; John H. Rollins, Dixfield; Jacob J. Immonen, West Paris; Lowell D. Henley, Norway; Brewster W. Page, Fryeburg.

Oxford County State Senate victors were: District 4, Richard Dunn; and District 5, Armand Fortier, Rumford.

Statewide, U. S. Senator Edmund Muskie, and Congressman William Hathaway (2nd District), and Peter Kyros (1st District) retained their posts with comfortable margins.

In the gubernatorial race, Republican candidate James S. Egan is reportedly seeking a recount in his contest with the incumbent, Kenneth Curtis. He reported that 225,000 ballots cast. Egan trails by about 700 votes.

MEMBER OF LEGISLATURE

Changes in their rules and regulations to permit a citizens' discussion period to become a permanent part of regular meeting agendas, and to permit a representative of the Telstar Student Council to sit on the board (without a vote or participation in executive sessions).

Eddie Snyder of Andover reported for the negotiating committee saying that they had met with the M. S. A. D. 44 Education Association group on Oct. 23. The association presented the board with part of their comprehensive request. He stated that the balance of the document will be submitted before any actual negotiations begin.

David Bishop, assistant superintendent, reported on the K-12 health program, stating the types of items currently involved. Some material and information on the drug problem is now being discussed in classrooms as an incidental part of the regular curriculum at the elementary level in working with the Maine Education Council and the State Department the district will be able to find satisfactory programs to establish its own sequential program. Mr. Bishop recommended a continued on Page Eight

The hunters have been going to Ketchum all day so as to be on time for Monday. I play the wild things as many of them are going to get hurt and others will have a hard time to get a chance to eat for the next few weeks.

Well, if the signs are right we are in for plenty of snow this winter as the hornets' and wasps' nests are extremely high in trees. Also the leaves are flat on the ground as we have not had a wind to pile them in places.

Dr. L. Barnes of Hiram was in Ketchum, Thursday. Also he called on the R. M. Fleets to say he was just as busy as all the rest of us.

Spiritual discernment is needed to understand man's essential nature, according to the Lesson Sermon to be read at Christian Science services Sunday.

"As mortals begin to understand Spirit, they give up the belief that there is any true existence apart from God." A passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states:

"One of the Scriptural citations in the Lesson Sermon 'Adam and Eve' is from Genesis: 'God created man in his own image, in the image of God created he him; male and female created he them.'"

LETTER TO THE EDITOR

Dear Editor:
I was shocked last Tuesday, election day, when I saw one of the candidates for election standing on the steps leading into the polls. Soliciting votes on the steps of the place of polling is illegal. I never saw such a flagrant lack of ethics in connection with an election. I certainly hope that officials will never allow this to be done again.
An Outraged Voter

Dear Editor:
I am angry so I feel that I must write this letter.

The Halloween pranks of yesterday are no longer "pranks." In a great many instances it has ended up as just plain vandalism.

It is a sad commentary when the Sunday morning following Halloween we find raw eggs dried onto the front of the building and broken egg shells all over the doorsteps as we enter our house of worship. What possible fun can there be in causing such desecration?

We have many young people today who are fine citizens of whom we can be justifiably proud. However, in our anger and frustration when the "minority" of this age bracket do such despicable acts we tend to forget the young people who are a credit to our society. We hastily and unfairly blame them all. Teenagers are like airplanes; they only hear about the ones that crash.

We are not against anyone having fun and enjoying life but these young people do not seem to know or care about where to draw the line. What has happened to respect, pride, decency and thoughtfulness to others, to name just a few? These youths do not even have respect for themselves obviously.

I realize that this letter will not change things one bit. It is only a means of venting my own feelings but I wish that the young people who did this would earnestly think about what they have really done to themselves as well as to our church.

How much better it would be if they would stop and think about it and just try the Golden Rule.

Sincerely,
Mrs. Juanita Allen
Bryant Pond

Dear Editor:
The following excerpt from the Christian Science Monitor may be of interest to our City Fathers:

"A plan offering reduced airport landing charges for aircraft operated at low-noise levels has been proposed by the Australian House of Representatives committee on aircraft noise."

"The committee's report, made after two years of investigation, said airlines should be offered incentives and not threatened with penalties to reduce noise."

We must think creatively in every area. It is up to us to turn these times of revolution into peaceful evolution. Often we see the front yard of a rich man's house looking not much better than a neglected barnyard, the argument advanced being: "If I spruce it up they will raise my taxes."

City fathers should proclaim rather than taxes will be remitted (even one percent would be an incentive) if home owners landscape and beautify the surroundings of their houses. We will then have truly beautiful cities without spending billions of dollars on so-called "Urban Renewal Schemes."

Sincerely,
Bronislawa Y. Noyt

Dear Editor:
Former Secretary (of Interior) I'd all's proposal (in a recent A. P. release) that old newspapers be recycled to save our woods would incidentally also solve much of the refuse disposal problem.

Perhaps some enterprising boys (or girls) here would start collecting the papers and they will probably make money on selling them to the mills.

Bronislawa Y. Noyt
P. S. Perhaps the billions of cardboard boxes could be recycled too!

All employees were present and reported a very enjoyable time.

TELSTAR DROPS 34-20 CONTEST AT WINTHROP SATURDAY

Unbeaten Winthrop High overpowered visiting Telstar Regional High School 36-20, last Saturday afternoon to win the Mountain Valley Conference title and stake a claim on the Class C crown. Winthrop closed their season with a 9-0 record. Telstar owns a 3-4 conference mark.

Fred Warner's pass interception in the first quarter on his 25 set up Winthrop's initial touchdown. Quarterback Dave Mangin scored on a 14-yard sweep.

Winthrop sealed the outcome with 16 points in the second period. Mangin threw a 24-yard scoring strike to halfback Mike Danforth and hit halfback Wally Brennan with a six-yarder. Danforth and Jeff Hinds rushed the conversions.

Mangin hurried two more touchdowns in the third period. He teamed with Bob Sinclair on a 53 yard pass-run play and pitched to John House for 14 yards.

Telstar scored its 20 in the final period. Bob Merrill scored on five and three-yard runs and Ron Deegan tossed a 12-yard scoring pass to Phil Mills. Mills also rushed the conversion.

Telstar is scheduled for its season's finale Saturday afternoon with a 1:30 contest versus Leavitt High on the Bethel field.

Calendar of Events
Moon: This Friday night, the 8th, the moon will be in its first quarter. The moon will be at its point of perigee on Monday the 9th. It will be 23,000 miles closer to the earth than on the 21st of this month.

Mercury, Mars, and Jupiter are still unobservable because of conjunction with the sun.

Mars: This planet rises about two and a half hours before sunrise for the next couple of weeks.

Lunar note: Since the orbit of the moon is not exactly circular it has differences in distances from the earth. When it is closest to the earth it is said to be at its Perigee. At its furthest distance it is at its Apogee. — Sky Reporter, John Tringard.

WEST PARIS COUPLE OBSERVES 25th ANNIVERSARY

About 75 people attended open house for Mr. and Mrs. Walter Heikkinen at their home in West Paris, Sunday, Oct. 26, in honor of their 25th wedding anniversary.

Mr. and Mrs. Heikkinen, the former Myrtle Emery, were married Oct. 28, 1945, by the late Rev. Eleanor R. Forbes. Mr. Heikkinen is employed by L. M. Mann and Son.

The party was arranged by Mr. and Mrs. Eugene Farrar assisted by Miss Cathy Farrar, Mrs. Gary Farrar, Mrs. Gordon Emery, and Mrs. Phillip Edmunds.

The three-tier anniversary cake was made by Mrs. Arthur Dean. They received many cards and gifts.

Guests were present from West Paris, Readfield, Portland, Lewiston, Lisbon, Newry, Norway, Rumford, Berlin, N. H., and Plymouth, Mass.

WOODSTOCK ELEMENTARY SCHOOL

Open House was held at both the Locke Mills and Woodstock schools on Wednesday, Oct. 28, in observance of American Education Week. It was most gratifying to see so many parents take advantage of this opportunity to visit our schools and to talk with the teachers. The Go Ahead P. T. A. served refreshments at both schools.

At the close of the open house activities a small surprise party was given to Timothy Barker, Grade 5 teacher, who is leaving Nov. 3 for active duty for the National Guard at Fort Leonard Wood. Mr. Barker's substitute for this period is Gerald Steinhok, Bryant Pond.

Miss Ellen Haverinen will begin working with Mrs. Little Brooks as a student teacher beginning Nov. 9.

IN MEMORIAM - In Loving Memory of Lillian Pulsifer

Who passed away November 3, 1969 One sad and lonely year has passed since great sorrow fell.

The shock that we received that day, we still remember well.

God gave us strength to meet it, and courage to bear the blow.

But what it meant to lose you Mmm no one will ever know.

It's so lonely here without you, we miss you more each day.

For life is not the same for us, since you were called away.

You were gone before we realized, and only God knows why.

God himself knew what was best, and he took you home with him to rest.

Sadly missed by Bob, Irene and family, Bono, Barbara and family, Robert and Anita

Andover Citizens Turn Down Water Company Purchase

A large group of Andover citizens attended a special meeting at the town hall on Thursday night, Oct. 29, to see if the town would vote to purchase and operate the water supply and distribution system presently owned and operated by the Andover Water Co. Kenneth Feener acted as moderator.

TOUR HAUNTED HOUSE—Standing, Joan Richardson; back (left to right), Steve Fyrberg, Steve Farrington, Ross Swain, Peter Farrington; front, John Richardson, Jr., Alan Stinson.

140 Tour Haunted House — Seven East Andover teenagers converted the Old Danforth House at East Andover into "Ye Ole Haunted House" for Oct. 30-31. The old house, now owned by John Richardson, had been invaded the past two months by John Richardson, Jr., Peter Farrington, Ross Swain, Steve Fyrberg, Alan Stinson and Steve Farrington. The artist who painted pictures on the inside walls and designed the sign for the outside was Joan Richardson. Guided only by a covered flashlight arrows directed the guests through many of the rooms of the three floors. Ghosts, skeletons, horns, loose boards, a mummy in a casket, a gullotine and many other weird noises and silent inhabitants kept the intruders scared and screaming. The group made their own cider in an old press owned by the Richardsons. The group sold refreshments of cider and home made doughnuts. Outside a spotlight lighted a newly dug grave covered with sprigs of flowers. The sign, decorated with orange-lettering and pictures, attracted travelers as they drove by the house. If you passed through East Andover and heard weird noises and screams it was seven teenagers' idea of a happy, safe Halloween. Last year the group started this project and if next year you hear about a haunted house at East Andover come see for yourself.

Mrs. Schnitzke also attended City College of New York pursuing courses in the humanities. Her favorite subjects and interests still center around music, literature, philosophy and art. She continues to take courses in these topics for a stimulating pastime. She and her husband both share the same love for music and were delighted to know of the Community Concert membership open to them. They also enjoy great books, as is evidenced by Dr. Schnitzke's 9,000 volume library. Fascinated by history, Dr. Schnitzke claims to be a "Civil War Buff" and he anticipates joining the Bethel Historical Society. Both he and his wife also yearn to join a Study Club or Literature Group with interested citizens.

While her husband pursues his leisure time around chess activities, his library, and unique pipe collection, and other interests, Sarah Schnitzke takes pleasure in being a housewife and her home is among her many creative "hobbies". Their residence, although rented ready-furnished while they seek to buy or build, already bears the added "touches" of her decorating talents and readily displays her warm graciousness. Another hobby is home cooking and she is a "famed collector of fine recipes", according to her husband. Other interests she hopes to pursue are "antiquing" and little theater activities.

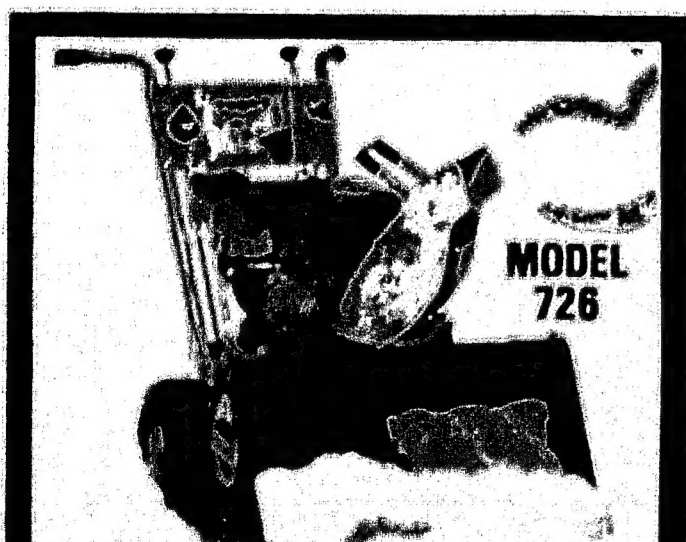

But, most of all, comfortably away from the hustle, bustle and noise of the city, the Schnitzkes are anxious to be involved in the life of their new community where they find people neighborly, concerned, and friendly.

Blaine MacKay, son of Mr. and Mrs. Blake MacKay, celebrated his tenth birthday, Oct. 29, with a supper party.

**WE ARE GLAD
TO OBLIGE**

Because a pharmacy is intimately involved with health, the service it must provide goes much beyond any possible profit motive or advantage over a competitor. The best example of this pharmacy ethic is the cooperation between ordinarily competing pharmacies when time is an urgent factor.

Although we usually have most prescribed drugs in stock, we can get a medicine delivered to us the same day, we occasionally must have it that same hour. When this happens we will ask another pharmacy to "oblige" us and let us borrow from him the needed drug until we can replace it. Other pharmacies will follow the same procedure in getting an urgently needed medicine from us. The health of the customer must always be the primary concern of every pharmacist.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

NOTICE — For your convenience, you may now pay your Central Maine Power Co. bills at Clukey's Pharmacy.
